Mississippi Farm Bureau Trip to D.C.

Submitted by Dr. Brandi Karisch

Dr. Brandi Karisch recently traveled to Washington D.C. representing the Mississippi Farm Bureau Young Farmers and Ranchers State Committee. While there Dr. Karisch had the opportunity to meet with legislators and staff from Mississippi, as well as staff from the House Agriculture Committee and House Appropriations Committee. Also on the trip, there were opportunities to visit with the Japanese Embassy with discussions of agriculture and trade with Japan. The group also met with several Federal Agencies such as the EPA, USDA-APHIS, Risk Management Agency, and Farm Service Agency. There was also ample time for tours and sightseeing. In particular, the group was treated to a private tour by Congressman Gregg Harper which included a visit to the floor of the House of Representatives, and even a trip out on the Speaker’s Balcony of the Capitol Building!
American Quarter Horse Association
2016 World Show

Submitted by Dr. Clay Cavinder

The 2016 MSU horse judging team has just finished competing in the AQHA World Show, and we'd like to share our results with you. The team placed 5th in Reasons, 5th in Performance, and 7th Overall. We congratulate Hannah Carter, who won 8th High Individual in Reasons, 4th High Individual in Performance, and 6th High Individual Overall.

We'd like to extend our gratitude to everyone who has supported and encouraged our team. We couldn't do it without you. Hail State!

MSU Cashin the Acres- 2016 bay colt by Abilene Acre, out of Nu Poco Cash. Abilene Acre is the son of Bob Acre Doc with LTE of $381,000, and offspring earnings of over $4.5 million NCHA and $30,000 NRHA. The dam is by Bueno Cash Quixote (NRHA LTE $2,256.84). Bueno Cash Quixote earned his ROM and superior in reining. He won the 2004 AQHA Hi-Point all-age and Jr. reining.

This colt is very good minded and has plenty of athleticism. He leads, ties, bathes and trailers. He has been gelded. Auction.msucares.com will be available for viewing on November 5th.
Block and Bridle hosted their Little International livestock show on November 12 at the Horse Park. Nineteen pledges showed the sheep, pigs, dairy heifers, beef heifers, and horses that they have been working with since the beginning of September. A showmanship winner was named for each species class and Miss Emma Grace Martin was named the overall winner. There was serious competition among Dr. Blanton, Dr. Lemley, Dr. Rude, Ms. Graves and Mr. Rutherford in the faculty/alumni division with Cobie breaking the winning streak of reigning champion Jessica.

The staff at the animal units provided a lot of help and guidance to these students and we appreciate their support. Mr. Trent Tolar was the judge and he is a graduate of our department and a former Livestock judging team member and B&B member. Thanks to everyone who came to Little I and to the pledge sale to support the club.

Animal Agriculture in China

Program Description:
Stationed at China Agricultural University in Beijing, the capital of the world’s second-largest economy (after the US), for 3 weeks, students will learn a great deal of China’s animal agricultural practices, animal product consumption patterns, and its veterinary service. Fantastic lectures will be delivered by the top Chinese faculty members and industry leaders in the fields. Experts in the allied American companies in China will also come to the sites to give seminars on their foreign business development and management. Several excursions will be arranged to explore Chinese livestock and poultry farms. In addition, students will be escorted by their Chinese counterparts to experience the country’s culture, cuisine, language, and several very attractive sights during this program. In short, this program will provide students with informative, educational, valuable, enjoyable, and memorable international experiences to well prepare them ahead of time for their careers related to animals and animal products.

Program Dates:
May 8 – May 31, 2017

Course:
ADS 4990/6990 Special Topics in Animal and Dairy Sciences (3 credit hours)
